

# MANUFACTURER'S E&O AND RECALL PROTECTION

## EVERY PRODUCT HAS IT'S RISKS

From product design through final delivery, manufacturers are exposed to complex Errors and Omissions risks. Claims commonly stem from design oversights, component failures, incorrect instructions, or supply chain disruptions. We offer Manufacturer's E&O coverage designed for diverse manufacturing operations, including precision parts, equipment builders, and consumer product manufacturers. Coverage helps mitigate costly allegations related to performance and financial harm.

Business Risk Partners offers comprehensive, competitive coverage for small to middle market manufacturers. With our customized Manufacturer's E&O form, it's easy for us to meet specific operational and industry needs. Your clients can move forward with confidence knowing their coverage is backed by the financial strength of our A rated partner.
